# FREEDOM MID RACK

OFF-ROAD . SPORT . OVERLAND

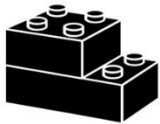

The Freedom Mid Rack is a modular bed rack designed for urban and off-road journeys. It is one of the most versatile and customizable bed rack systems on the market.

Standing at only 12 inches tall, the MID RACK is a sleek low-profile rack that will carry all your gear and fit into any compact space like garages.

The Freedom Rack is proudly design, engineered and made in the USA.

## FEATURES

### MODULAR

Its modular design allows the Freedom Rack to be configured for any lifestyle. CNC laser cut and formed panels for a precise fit and assembly.

### DURABLE

Constructed of 12-gauge steel. Long-lasting back powder coated finish. Designed, Engineered and Made in the USA.

### LOAD CAPACITY

The Freedom Rack load capacity is rated at:  
Dynamic: 300lbs  
Static: 600lbs

### VERSATILITY

Carry Anything. Attach accessories and gear from any of the multi slots and holes on the rack.

### CUSTOMIZABLE

With a large array of simple and practical options and mounting brackets, you can personalize your Freedom Rack the way you want.
