

HOBBS

FREEDOM SPORT RACK
BED RACK SERIES

OFF-ROAD . SPORT . OVERLAND

The Freedom Sport Rack is designed for the urban dweller looking for a rack for light duties to haul gear such as bike racks, ski racks, cargo boxes and cargo baskets. Its front and rear bar set up sits only 8 inches above the tray bed.

The aerodynamic and low-profile design offers easy access to parking garages, lower center of gravity and reduced wind noise than standard height bed racks.

Outfit your urban sport rack with our wide variety of attachments and accessories to easily mount your gear.

FEATURES

Compact Light-Weight Design makes it easy to remove and store.

Constructed of 12GA powder coated steel.

Available Mounts for vehicles fitted with Tonneau Covers.

Payload Capacity is rated at 200 lbs. static and 500 lbs. dynamic, evenly distributed.

Easy Assembly and No-Drill Installation.

HOBBS

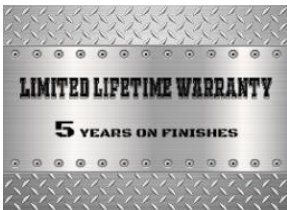

FREEDOM LOW-DEK
BED RACK SERIES

OFF-ROAD . SPORT . OVERLAND

Sleek. Compact. Low-Profile.

The perfect combination of style and functionality, the LOW-DEK RACK sits only 4 inches above the tray bed. You can load up your gear on the LOW-DEK and free up your bed space underneath.

A spin-off of our popular Freedom Sport Rack, the LOW-DEK RACK has all the same features but outfitted with a standard cargo basket that provides extra storage space.

Available for all Full-Size and Mid-Size Trucks
